FEATURES

Figure 1 displays various map symbols and their corresponding labels. The symbols are arranged in a grid, with labels placed above or below them. The labels are: Highway, Pipe/Power Line, Stream/Shoreline, Secondary Road, Ridge/Physical Feature, Intermittent Stream, Jeep Trail/Roadway/Ferry, Property/Fence Line, River/Lake, Clacier, Nonvisible Boundary, Military, Inset, and Out Area.

Where international, state, and/or county boundaries coincide, the map shows the boundary marked for only the highest number of these boundaries.

- 1 A '*' following a place name indicates that the place is also a false MCD; the false MCD name is not shown.
- 2 In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a '.99' suffix. An anchor symbol appeared on the 1990 maps locating a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.
- 3 A '*' following a block number indicates that the block number is repeated elsewhere in the block.
